Overview

Discover the secret Tibetan land lying at the edge of one of the most secluded Himalayan valleys. Tsum Valley is one of the hidden Himalayan valleys in the world. The trek to Tsum Valley takes you into the majestic surroundings of the Ganesh Himal, Sringi Himal, and Boudha Himal ranges. The region once being part of Tibet looks completely different from what you will find elsewhere. The people of Tsum Valley or the Tsumbas belong to Tibetan origin with their own ancient form of dialect, art, culture and religion. Very few adventure travelers have made it to this high and mysterious valley, which used to be an important trade link with Tibet.

The trek start and end point is Arughat, a seven hours drive from Kathmandu. The first half of the trek ascends the Budhi Gandaki Valley on good paths through a mix of dense forest, terraced fields and hill villages. Then, you divert from the main Manaslu Trail for the Tsum valley. You get a feeling of entering truly into a hidden valley. While on the trek, we also pass through the alpine forests, glacial rivers, and enjoy the warm hospitality of ethnic people. Pass the lower Budhi Gandaki regions of Liding, Machhakhola, Jagat and Philim. We also visit the ancient Gombas of the region such as: Rachen Gompa and Mu Gompa. Not just the culture, but the biodiversity in the region is splendid as well with many forests, rivers, caves etc.

The Tsum Valley Trek is indeed an adventurous one that takes you via the off beaten route where you will explore the Tibetan culture, witness the nature's beauty and also give a pleasant trek.
